

REMARKS

In response to the Notice of Non-Compliant Amendment, applicants are submitting a new section with respect to the listing of claims. The Patent Office objected to applicants response filed June 17, 2004 as claim 101 did not have the complete text included. In submitting this corrected listing of claims a further correction was made to claim 1 as a portion of the claim was inadvertently not underlined in the submission of June 17, 2004.

Should the office have any questions concerning this response they may contact the undersigned attorney-of-record at the telephone number shown below.

Following the submission of the amendment on June 17, 2004, an interview was conducted with the Examiner in which further amendments to the claims were discussed so as to include limitations reflected in the current amended claim 1. A supplemental response is being prepared and will be submitted including the changes agreed upon during the interview which should place the application in condition for allowance.

Respectfully submitted,
